

HAPPY RUFFLED SOCK CUFF

Instructions for adding a cheery little ruffled and ribbed cuff to an ankle version of our Churchmouse Classics 'Basic Sock' pattern

Years ago Jaime Amador added a darling ruffle to a pair of simple socks. You might remember Jaime as the 'mouse' who often exclaimed, when wrapping up a customer's purchase, "That's a bag of happy!" Jaime now owns Classic Cycle, a splendid bike shop on Bainbridge Island, and we think these socks are just perfect for happy pedaling adventures.

Yarn: Our sample used 220 yds/201m of fingering-weight sock yarn for a women's medium sock (9" foot length).
We've used 1 skein Rowan *Fine Art* (437 yds/400m each).

Needles: 16 or 24" circular needle same size as gauge needle for socks (we used US 1½/2.5mm).

*Please refer to the original pattern for complete sock instructions.
Only changes are covered in this addendum.*

Ruffled cuff: Using 16 or 24" circular needle and cable cast-on method, cast on 256 sts.
Row 1 (RS): Without joining, K2Tog across row. (128 sts remain)

Round 1: Join in round, being careful not to twist. K2Tog around (tugging a little after each K2Tog), and divide stitches onto three double-point needles: 20/20/24. (64 sts)

Round 2: K2/P2 around.
Repeat Round 2 until ribbing measures 2".

Proceed to Step 2 for heel flap. Complete sock in stockinette stitch (knit every round) as directed.

Finishing: Finish as original pattern, using cast-on tail to close small gap at beginning of ruffle.
