Work collar: Work as Tunic-length Version. Use instructions for the K3/P2 ribbed collar, but instead of working to 5"/13cm as in pattern, only work to 4"/10cm. Bind off very loosely in pattern. (Before stitching collar down, try it on over your head to be certain that your bind-off is loose enough).

Fold collar to inside: Fold collar to the inside and loosely whip-stitch bound-off edge to inside neck edge; be sure to keep stitching loose enough to get on over your head.
